PROFILE

Motivated Software Engineering student at the University of Karachi with a strong foundation in software development and problem-solving. Passionate about building efficient, user-centric applications and leveraging AI-powered tools to improve productivity and deliver high-quality solutions.

EDUCATION

University Of Karachi

Bachelor of Science in Software Engineering (6th Semester)

2024 - 2027

CGPA: 3.46

Adamjee Govt Science College

Intermediate in Science General (Computer Science)

2021 - 2023

84.73 % (A-One)

The Educators Rafah e Aam Royal Campus

Marticulation in Science Group

2020-2021

98.11 % (A-One)

TECHNICAL SKILLS

• Programming Languages:

Python, Dart, Java, C, JavaScript, SQL, HTML, CSS

• Frameworks & Libraries:

Flutter, Flask, Bootstrap

• State Management:

Stacked (MVVM), GetX, Provider

• Databases:

PostgreSQL, Firebase Firestore

• Development Tools:

Git, GitHub, VS Code, Postman

• Design & Productivity:

Figma, Canva, draw.io, Microsoft Office

• AI Tools:

ChatGPT, GitHub Copilot, Google Gemini, Claude, Notebook LM

• Networking & Virtualization:

Cisco Packet Tracer, VMware

ACADEMIC PROJECTS

AI Health System

Built an AI-powered health assistant using Python and Flask with features including disease prediction through a health chatbot and automated analysis of medical reports such as CBC.

Sudoku Game

Developed a Sudoku game using Java and JavaFX, featuring mistake tracking, a game timer, theme switching, and sound effects.

Meeting Management System

Developed a web-based meeting management platform for scheduling meetings, inviting participants, managing calendars, and sending real-time notifications.

Progresso App

Built a Flutter-based task management application with secure user authentication, cloud data synchronization, and MVVM architecture for scalable state management.

CERTIFICATIONS

- **Google AI Professional** – Google | Coursera (2026)
- **Networking Basics** – Cisco Networking Academy (2026)

ACHIEVEMENTS & ACTIVITIES

- Participated in inter-university debate competitions.
- Co-authored a book as part of an academic project.
- Conducted research and technical writing for academic projects.
- Wrote articles on social issues and current affairs.
